Dear Parent/Guardian:

Upper Missouri District Health Unit is happy to be able to provide **Influenza and COVID vaccinations** at your child's school this year on:

**Tuesday- October 5<sup>th</sup> – High School**

**Tuesday- October 12<sup>th</sup>- Middle School**

**Thursday- October 14<sup>th</sup>- Badlands Elementary**

**Tuesday- October 26<sup>th</sup>- Fox Hills Elementary**

We encourage all children to get vaccinated against both Influenza and COVID if eligible! Influenza can be given to everyone ages 6 months and older and COVID vaccine can be given to everyone 12 years and older. Influenza ("flu") and COVID are contagious diseases that can be spread by coughing, sneezing, and close contact. Your child is likely to be exposed to this every day in school! A few but not all symptoms of both Influenza and COVID are shortness of breath, fever/chills, sore throat, muscle aches, fatigue, cough, headache, or runny/stuffy nose. COVID can have loss of taste and smell as well.
