1. Updates for the visitation on March 28-29

- a. As of February 28, everything has been submitted through Advanc-ED and can be viewed as a PDF. The demographics were changed, Standard 2 was adjusted, and the profile was updated.
- b. Evidences are located under the External Review Resources on the webpage for WCES and as a hyperlink for the WCHS website. These will be shared with the visitation team.
- c. WCES is still gathering a couple documents/resources for their evidence and the High School is in need of assistance from administration to complete their evidence. It was suggested that we create a school improvement folder so that we can add resources on a regular basis to make this process easier in the future. We also need to make our plans, goals, and evidence available to the public.

d. On the webpage under District, School Improvement, Additional Plans and Evidence 2017, you will find the new Crisis Plan, Technology Plan, and Strategic Plan.

2. School Improvement Team Discussion

- a. If we make our website user friendly and update it, do we need an app as well?
- b. Could we have Google classroom as well as Office 365?
- c. As we go more digital, there are no books, so we need to provide the resources to all involved.
- d. The suggestions for ITV are having more languages being taught and aviation.
- e. Planning a couple early outs to bridge the gaps between the three buildings to build curriculums to meet k-12 student success.
- f. We need to continue partner school relations. It was also suggested that our intervention team partner up with West Fargo Public School. Teacher stipend days will be targeted.

3. Conclusion

- a. Dr. Holen will talk to the members to get the lay out of the days spent with us. Their lodging is in progress.
- b. He would like recommendations for the Parent and Student Interviews. We are looking for active parents. Team members will talk to their grade levels and list a parent and two students for these interviews and email the names to Dr. Holen.

- c. Team members will share a sample schedule of these days during the next PLC. They will also make sure that all classrooms have our mission and vision posted.
- d. The principals will have a staff meeting on Friday, March 10 to remind staff of the visitation.
- e. Our next meeting is April 12, 2017.
